MORNING BUSINESS

BUDGET RECONCILIATION

Mr. GRASSLEY. Mr. President, yesterday, the Democrats unveiled their reckless tax and spend budget plan.

With our country experiencing the highest inflation it has seen in decades and our national debt approaching an alltime high, common sense would dictate that we ought to use the budget process to get our fiscal house in order.

Instead, my Democrat colleagues are intent on using the budget to embark on a liberal wish list spending spree.

My Democrat colleagues' budget calls for over \$4 trillion in new spending over the next decade and annual deficits would average \$1.6 trillion over that period. As a result, the national debt would reach 119 percent of our economy, shattering the World War II record of 106 percent.

Much of this new spending, ballooning the debt and deficits, is the product of a single bill Democrats hope to pass before the end of the year under the guise of so-called "human infrastructure."

Infrastructure is popular and needed. It helps keep our economy competitive over the long run. That is why Democrat leaders initially wanted their multitrillion dollar wish list to ride

along on an infrastructure package. That plan fell apart when a bipartisan group was able to agree on a separate bill with just real infrastructure.

This new spending spree, far from being an infrastructure bill like the bipartisan bill, has nothing to do with building roads or bridges. Instead, it would create massive new entitlements and impose massive new tax increases.

This mishmash of massive new spending and job-killing tax hikes would act as a double whammy on middle-income Americans, small business owners, and farmers.

Trillions of dollars in new spending is likely to set inflation ablaze. Inflation is a stealth tax that steals the value of the dollars Americans already earned. Hard-working Americans are already paying the price of excessive spending in the form of inflation with prices rising throughout the economy.

As a result, while wages increased at a pace of 3.6 percent last month, Americans found themselves struggling to keep their heads above water with prices soaring 5.4 percent.

Now, Democrats want to add tax hikes on top of this, which will slow economic growth, reduce business investment, and result in lower wages and fewer jobs over the long-run.

What is more, the tax hikes that are being discussed take direct aim at family run business and farms.

This includes raising their income taxes, their capital gains taxes, and imposing a confiscatory new death tax when operations are passed to the next generation.

Higher taxes, excessive spending, and escalating debt are not a prescription for prosperity. They are instead are a recipe for fiscal disaster.

I urge my Democrat colleagues to tap the brakes before it is too late.

Please think about the future and abandon your reckless tax and spend agenda.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces a new Order under Section 361 of the Public Health Service Act to temporarily halt residential evictions in

communities with substantial or high transmission of COVID-19 to prevent the further spread of COVID-19.

DATES: This Order is effective August 3, 2021 through October 3, 2021.

SUPPLEMENTARY INFORMATION:

Background

On September 4, 2020, the CDC Director issued an Order temporarily halting evictions in the United States for the reasons described therein. That Order was set to expire on December 31, 2020, subject to further extension, modification, or rescission. Section 502 of Title V, Division N of the Consolidated Appropriations Act, 2021 extended the Order until January 31, 2021, and approved the Order as an exercise of the CDC's authority under Section 361 of the Public Health Service Act (42 U.S.C. 264). With the extension of the Order, Congress also provided \$25 billion for emergency rental assistance for the payment of rent and rental arrears. Congress later provided an additional \$21.55 billion in emergency rental assistance when it passed the American Rescue Plan. The Order was extended multiple times due to the changing public health landscape and expired on July 31, 2021 after what was intended to be the final extension. Absent an unexpected change in the trajectory of the pandemic, CDC did not plan to extend the Order further.

Following the recent surge in cases brought forth by the highly transmissible Delta variant, the CDC Director now issues a new Order temporarily halting evictions for persons in counties or U.S. territories experiencing substantial or high rates of transmission, for the reasons described herein. It is more limited in scope than prior orders, intended to target specific areas of the country where cases are rapidly increasing, which likely would be exacerbated by mass evictions.

Accordingly, subject to the limitations listed in the new Order, a landlord, owner of a residential property, or person with a legal right to pursue eviction or possessory action, shall not evict any covered person from any residential property in any county or U.S. territory while the county or territory is experiencing substantial or high levels of community transmission levels of SARS-CoV-2. This Order will expire on October 3, 2021, but is subject to further extension, modification, or rescission based on public health circumstances.

A copy of the Order is provided below. A copy of the signed Order and Declaration form can be found at <https://www.cdc.gov/coronavirus/2019-ncov/covid-eviction-declaration.html>.
